This information is for personal genealogical research purposes only. It cannot be published in any form without the express written permission of Jewish Records Indexing - Poland.

Where to go from here:

- If you spotted a record of interest, follow instructions on the website '[Jewish Records Indexing - Poland FAQ file](#)' as to how to get more information about the record.
- If you do not see the vital record(s) in which you are interested, Jewish Records Indexing - Poland would welcome your help to index additional microfilms from the town or your [contribution](#) to enable us to arrange for this work. Please refer to the '[Jewish Records Indexing - Poland FAQ file](#)' and [Supporting Jewish Records Indexing - Poland](#)' pages on the Jewish Records Indexing - Poland website.

DISCLAIMER

Although JRI-Poland makes every effort to ensure accuracy in indexing, this data is subject to error, either in the clerk's original transcription or interpretation of the handwriting from the poor quality of the microfilms and/or original record books or in the data entry process. This is true for the record numbers as well as the index entry for databases that were generated from the indices in the record books rather than the records themselves. As always, it is prudent for the researcher, when using secondary source data such as this work, to examine the primary source data for verification. It is always best for the genealogist to view the actual records pertaining to his/her family to verify the interpretation, and glean additional facts.

Additionally, since spelling was irrelevant in the 19th century Kingdom of Poland records, some potential matches will not be found even with Daitch-Mokotoff soundex techniques.

To help locate unusual spellings that may not be identified in sound-alike searches, check the 'Surname Lists' for the towns you are researching. Surname lists, extracted from the records of most towns that have been indexed, are linked from the '[Your Town](#)' pages.

Jewish Records Indexing - Poland makes no warranty as to the accuracy of the entries in the database and cannot be held responsible for any costs incurred by the researcher in acquiring copies and/or translations of original records.
